Theory Sheet 1 – Building Triads (1)

Find the 1-3-5 for each chord by finding the key on the far left column and building the triad (three note chord). For example, for C Major I'll go to the key of C, find C, then the third note in the scale is E, the fifth note is G. Therefore my C Major triad would be C-E-G. For minor and diminished and augmented you must flat or sharp the appropriate note. Remember to flat a sharped note, it would go to a natural note (i.e. F# flatted would be F)

```
A Major -
      A - C# - E
F Major -
      F-A-C
D Minor -
      D-F-A
Bb Major -
      Bb - D - F
A Minor -
      A - C - E
G Major -
      G - B - D
Eb Minor -
      Eb - Gb - Bb
E Major -
      E - G# - B
Ab Minor -
      Ab - Cb (B) - Eb
C Minor -
      C-Eb-G
F Diminished -
      F - Ab - Cb (B)
```
